

Unlearn, Undo And Unbuild Until There's Only Love

By Brooke Steff

What if we could go back, to the very beginning, to the genesis of our lifetimes over?

What if we could unlearn it all?

What if we'd be given but one limitless choice:

What do you yearn to know?

To which you would, no hesitation, without breath, reply,
"Love."

All of love.

The life of love, the source of love, the body of love, even its fingernails.

You would wish to go where it goes, in all the spaces and non-spaces it breathes.

What would that be like? What would that change for you?

Unlearning, undoing, unbuilding the eons back to the seedling of your soul,

to the supreme moment of liberation

when you discover

that your one

and your only

karmic quest

is

love?

just this once,
change is good.”
