

Love...It Lives In Peace & In You!

BY REBECCA ESCHENROEDER

It lives everywhere!

It lives in the exhale when you see the face of your human.

It lives in the ribs that widen and expand to accommodate the
breath.

It lives in the instinctual smile of a small child.

It lives in the reasoning of opening up our eyes in the
morning.

It lives in the fire that keeps you coming back, over and over
and over again.

It lives in the tiny budding flower that fearlessly opens
itself to the sun...

It lives in music.

It lives in rain.

It lives in radiance.

It lives in laughter.

It lives in peace.

It lives in you.

It lives in me.

Love.

It lives.

Emerge From Your Comfort Zone – It's Time To Fly!

"May your longest nights be molten crucibles for your transformation, and may you be forever held by this wild ground. Whatever the nature of your pain in this moment, may you brew a warm salve from the kind words of a long-gone stranger and build yourself a soft nest out of your grandmother's legacy. "
